Choose 1 of the following prompts to respond to and then delete the prompt(s) that you did not choose.

Prompt option 2: *What is one new skill or piece of knowledge you've gained this week? How do you see yourself applying this in the future?*

One new piece of knowledge that I have gained this week is that throughout my high school/college career, I should make a consistent effort to stay up-to-date on AI so that I can become a better thinker and get better at programming. In short, I should effectively learn how to utilize AI to make tasks easier and enhance my own thinking.
