Choose 1 of the following prompts to respond to and then delete the prompt(s) that you did not choose.

**Prompt option 1:** *How is the internship meeting or not meeting your expectations/objectives and why? Do you have control of this? Explain.*

Add your response here: I think it is meeting my expectations because I am learning a lot about how companies function, and it has introduced me to a lot of fields I never knew existed. It has brought me many networking opportunities which I have enjoyed. The only part that has not met my objectives of the internship was the amount of AI content. I was hoping to dive deeper into AI, and use and learn about AI more. Regardless, I am pretty happy that a lot of my expectations have been met and I am very grateful for the internship.
