Choose 1 of the following prompts to respond to and then delete the prompt(s) that you did not choose.

Prompt option 1: *What is a topic that you found interesting this week? How do you plan to seek additional information and learn more about that topic?*

I discussed the idea of coding apps with React JS with Mr Ryan Long. I plan to spend some time researching it and maybe reaching out to him with more questions when I learn more and know what I want to do with it.

Prompt option 2: *Discuss your interactions with various people during your internship and the value each relationship brings (peer interns, college mentor, session speakers, higher-level leaders).*
